EDUCATION

Master of Computer Application

2023 – 2026

Maulana Azad National Institute of Technology, Bhopal
CGPA: 8.95

Bachelor of Computer Application

2020 – 2023

Devi Ahilya Vishwavidyalaya, Indore
CGPA: 7.99

TECHNICAL SKILLS

Languages	Java, Python, C
Web Technologies	HTML, CSS, JavaScript
Frameworks	React.js, Node.js, Express.js
Database Systems	MongoDB, MySQL, SQL
Tools	Git, Postman, IntelliJ IDEA, Visual Studio
Operating Systems	Windows

PERSONAL PROJECTS

Crowdfunding Platform

[GitHub Link](#)

Built a full-stack crowdfunding application using React.js (frontend) and Node.js with Express (backend). Integrated MongoDB for data storage and implemented secure payment workflows. Developed RESTful APIs and used JWT for authentication and session security.

Farm to Table

[GitHub Link](#)

Developed a sustainable platform connecting local farmers with consumers to promote fresh, seasonal produce. Eliminated intermediaries to support community health and environmental sustainability.

Pomodoro Timer

[GitHub Link](#)

Created a web-based Pomodoro timer with real-time countdown and cycle tracking. Improved user productivity through an intuitive interface, resulting in increased daily engagement.

CERTIFICATIONS

All India National Coding Aptitude Test (AINCAT)

2025

Secured AIR 179

Ethical Hacking and Penetration Testing

Apr–May 2025

Organized by C-DAC Noida, MeitY (Govt. of India)
